Know Your HQT-6741 Certification Well:

The HQT-6741 is best suitable for candidates who want to gain knowledge in the Hitachi Vantara Administration. Before you start your HQT-6741 preparation you may struggle to get all the crucial Ops Center Administration materials like HQT-6741 syllabus, sample questions, study guide.

But don't worry the HQT-6741 PDF is here to help you prepare in a stress free manner.

The PDF is a combination of all **your queries like-**
- What is in the HQT-6741 syllabus?
- How many questions are there in the HQT-6741 exam?
- Which Practice test would help me to pass the HQT-6741 exam at the first attempt?

Passing the HQT-6741 exam makes you Hitachi Vantara Qualified Professional - Hitachi Ops Center Administration. Having the Ops Center Administration certification opens multiple opportunities for you. You can grab a new job, get a higher salary or simply get recognition within your current organization.

Hitachi Vantara HQT-6741 Ops Center Administration Certification Details:

Exam Name	Ops Center Administration Professional
Exam Code	HQT-6741
Exam Price	$100 USD
Duration	60 minutes
Number of Questions	35
Passing Score	65%
Recommended Training	**TSI2929 - Managing Hitachi Ops Center Administrator (5-day ILT/vILT)** **TSP2929 - Managing Hitachi Ops Center Administrator (online training)**
Exam Registration	**Kryterion Webassessor**

Sample Questions	**Hitachi Vantara HQT-6741 Sample Questions**
Practice Exam	**Hitachi Vantara Qualified Professional - Hitachi Ops Center Administration Practice Test**

HQT-6741 Syllabus:

Section	Weight
Hitachi Ops Center Administrator overview	- Describe the benefits of using Hitachi Ops Center Administrator. - Describe the Hitachi Ops Center Administrator login and graphical user interface (GUI).
Resource discovery with Hitachi Ops Center Administrator	- Describe how to add resources to Hitachi Ops Center Administrator. - Describe server group concepts and management.
Parity Groups and Pools	- Describe the concepts of parity groups and how to create them. - Describe the concepts of pools and how to create them. - Describe Hitachi Dynamic Provisioning (HDP) and Hitachi Dynamic Tiering (HDT) features and specifications.
Volume management	- Describe volume specifications and operations. - Describe Hitachi storage systems port settings.
Host operations with Hitachi Ops Center Administrator	- Describe host operations, and how to attach volumes to servers and detach them. - Describe Host Group, Host Mode and Host Mode Option concepts and operations.
Hitachi storage systems family	- Describe the characteristics of the VSP 5000 systems. - Describe the characteristics of the VSP E Series systems.
Adaptive Data Reduction (ADR) with Hitachi Ops Center Administrator	- Describe the Adaptive Data Reduction (ADR) feature.
Migration and protection with Hitachi Ops Center Administrator	- Describe internal and external storage migration concepts. - Describe data protection with local and high availability replication.

Section	Weight
Virtual Storage Machine (VSM) with Hitachi Ops Center Administrator	- Describe Virtual Storage Machines (VSMs) concepts & management.
Multi-pathing and load balancing	- Describe the ALUA concept and setup. - Describe how Hitachi Dynamic Link Manager provides multi-pathing and load balancing.
Command Line Interface (CLI) and REST	- Describe the Hitachi Ops Center Command Line Interface (CLI) concepts. - Describe how to use the REST API with Hitachi Ops Center Administrator.
Hitachi Ops Center Administrator monitoring and administration	- Describe Hitachi Ops Center Administrator account authentication using Microsoft Active Directory (AD). - Describe the Hitachi Ops Center Administrator backup, restore, and log collection procedures. - Describe Hitachi Ops Center Administrator monitoring capabilities.

Hitachi Vantara HQT-6741 Sample Questions:

Question: 1

In the context of HDLM, how does the concept of ALUA improve storage system performance?

a) By enabling the storage array to communicate the preferred path to the host for optimized access
b) Through manual selection of preferred data paths by the administrator
c) By prioritizing data transfer speeds over security
d) By eliminating the need for multiple paths, thus simplifying the network topology

Answer: a

Question: 2

What are the key considerations when adding resources to Hitachi Ops Center Administrator for monitoring? (Choose two)

a) The compatibility of resources with the existing IT infrastructure
b) The physical location of the resources
c) The version of the Hitachi Ops Center Administrator being used
d) The network visibility of the resources

Answer: a, d

Question: 3

In which scenarios is Adaptive Data Reduction (ADR) particularly beneficial? (Choose two)

a) When storing large volumes of highly redundant data
b) For databases requiring real-time transaction processing
c) In virtualized environments with many similar virtual machines
d) When data is mostly unique and does not benefit from deduplication

Answer: a, c

Question: 4

Adaptive Data Reduction (ADR) in Hitachi Ops Center Administrator utilizes which techniques to optimize storage? (Choose two)

a) Data deduplication
b) Data encryption
c) Compression
d) Blockchain verification

Answer: a, c

Question: 5

External storage migration is utilized for which of the following reasons?

a) To change the color scheme of the user interface
b) To move data between different storage systems
c) To increase the temperature of the storage environment
d) To decrease data security

Answer: b

Question: 6

Why is Hitachi Ops Center Administrator considered a valuable tool for data center administrators?

a) It simplifies the management of complex data environments.
b) It offers enhanced tools for video editing.
c) It provides insights into social media trends.
d) It enhances the online gaming experience.

Answer: a

Question: 7

Which of the following statements are true regarding the login process for Hitachi Ops Center Administrator? (Choose two)

a) It requires biometric authentication.
b) It supports multi-factor authentication.
c) Users can login using social media accounts.
d) It offers a customizable user interface post-login.

Answer: b, d

Question: 8

Host Group configurations are essential for what reason?

a) They prevent unauthorized access to the physical storage devices
b) They designate the physical location of storage devices within the data center
c) They are required for all storage arrays to function correctly
d) They allow for the logical grouping of hosts that share similar storage access patterns, simplifying volume management

Answer: d

Question: 9

Volume specifications typically include which of the following characteristics?

a) Color and design of the physical disk
b) The brand and model of the storage device
c) Capacity, RAID level, and accessibility
d) The operating system of the host server

Answer: c

Question: 10

Detaching a volume from a server requires which of the following actions in Hitachi Ops Center Administrator?

a) Physically disconnecting the server from the storage array
b) Running a full backup of the volume
c) Unmapping the volume from the host group
d) Rebooting the storage controller

Answer: c

Study Guide to Crack Hitachi Vantara Ops Center Administration HQT-6741 Exam:

- Getting details of the HQT-6741 syllabus, is the first step of a study plan. This pdf is going to be of ultimate help. Completion of the syllabus is must to pass the HQT-6741 exam.
- Making a schedule is vital. A structured method of preparation leads to success. A candidate must plan his schedule and follow it rigorously to attain success.
- Joining the Hitachi Vantara provided training for HQT-6741 exam could be of much help. If there is specific training for the exam, you can discover it from the link above.
- Read from the HQT-6741 sample questions to gain your idea about the actual exam questions. In this PDF useful sample questions are provided to make your exam preparation easy.
- Practicing on HQT-6741 practice tests is must. Continuous practice will make you an expert in all syllabus areas.

Reliable Online Practice Test for HQT-6741 Certification

Make NWExam.com your best friend during your Ops Center Administration Professional exam preparation. We provide authentic practice tests for the HQT-6741 exam. Experts design these online practice tests, so we can offer you an exclusive experience of taking the actual HQT-6741 exam. We guarantee you 100% success in your first exam attempt if you continue practicing regularly. Don't bother if you don't get 100% marks in initial practice exam attempts. Just utilize the result section to know your strengths and weaknesses and prepare according to that until you get 100% with our practice tests. Our evaluation makes you confident, and you can score high in the HQT-6741 exam.
