# Fortinet NSE6_FNC-7.2 Sample Questions:

### Question: 1

Which type of security policy is used to assign a VLAN to a normal state host?

- a) Endpoint compliance
- b) Network access
- c) Forced registration
- d) Device profiling

**Answer: b**

## Question: 2

View the exhibit.

What are two reasons why ports are designated as uplinks in the FortiNAC inventory view?

(Choose two.)

a) So that FortiNAC will ignore learned Layer 2 addresses on those ports
b) So that FortiNAC will not make changes to them
c) So that FortiNAC will designate the correct dead end VLAN when isolating hosts on those ports
d) So that FortiNAC will know how to configure the port for SNMP traffic

**Answer: a, b**

## Question: 3

View the exhibit.

Which host failed a scan?

a) 3
b) 1
c) 4
d) 2

**Answer: b**

## Question: 4

View the exhibit.

In the Inventory view, why would all the ports for a switch be green and not show any connected hosts?

a) Hosts do not appear until they are registered.
b) The switch is really a wireless access point.
c) Layer 2 polling is not occurring successfully.
d) Layer 3 polling is not occurring successfully.

**Answer: c**

## Question: 5

How does FortiGate use dynamic address groups to define access?

a) By updating administrative profiles based on group membership
b) By automatically updating groups used in IPv4 policies
c) By applying ACL configurations targeting only group members at the point of connection
d) By disabling group members on FortiNAC

**Answer: b**

## Question: 6

What type of fabric connector is used for FortiNAC integration?

a) Fortinet security fabric
b) RADIUS single sign-on
c) FortiNAC fabric
d) Active directory domain

**Answer: a**

## Question: 7

When modelling a switch, which piece of information does FortiNAC use to determine the network device type?

 a) sysObjectID
 b) Hostname
 c) Vendor OUI
 d) Vendor OID

**Answer: a**

## Question: 8

View to the exhibit.

Which host is rogue?

 a) 3
 b) 1
 c) 4
 d) 2

**Answer: a**

## Question: 9

When creating groups, what setting determines eligible group members?

 a) The number of groups an element is already a member of
 b) The group owner
 c) The number of current group members
 d) The group type

**Answer: d**

Question: 10

When is the FortiNAC WMI profiling method used?

a) When determining a hostname
b) When gathering logged on user details
c) When gathering host IP address information
d) When agentless scanning is desired

**Answer: d**

# Study Guide to Crack Fortinet NSE 6 FortiNAC NSE6_FNC-7.2 Exam:

- Getting details of the NSE6_FNC-7.2 syllabus, is the first step of a study plan. This pdf is going to be of ultimate help. Completion of the syllabus is must to pass the NSE6_FNC-7.2 exam.
- Making a schedule is vital. A structured method of preparation leads to success. A candidate must plan his schedule and follow it rigorously to attain success.
- Joining the Fortinet provided training for NSE6_FNC-7.2 exam could be of much help. If there is specific training for the exam, you can discover it from the link above.
- Read from the NSE6_FNC-7.2 sample questions to gain your idea about the actual exam questions. In this PDF useful sample questions are provided to make your exam preparation easy.
- Practicing on NSE6_FNC-7.2 practice tests is must. Continuous practice will make you an expert in all syllabus areas.

# Reliable Online Practice Test for NSE6_FNC-7.2 Certification

Make NWExam.com your best friend during your Fortinet NSE 6 - FortiNAC 7.2 exam preparation. We provide authentic practice tests for the NSE6_FNC-7.2 exam. Experts design these online practice tests, so we can offer you an exclusive experience of taking the actual NSE6_FNC-7.2 exam. We guarantee you 100% success in your first exam attempt if you continue practicing regularly. Don't bother if you don't get 100% marks in initial practice exam attempts. Just utilize the result section to know your strengths and weaknesses and prepare according to that until you get 100% with our practice tests. Our evaluation makes you confident, and you can score high in the NSE6_FNC-7.2 exam.
